

Barrington Community Theatre Winter 2016!

Barrington Community Theatre, in conjunction with the Barrington Recreation Department, invites you to join them for their 2016 Winter Program.

Barrington Community Theatre (BCT) is an evening program for actors ages 8-18. The actors learn and play by participating in theatre games and skills workshops (on everything from improvisation, to movement, to stage combat, character development, and more!), as well as rehearsing plays to perform at the end of the program. There are no rehearsals during school vacation weeks.

BCT is a supportive, nurturing and accepting environment suitable to any experience level; whether it be trying theatre for the first time or honing skills already there. We provide an enriching setting appropriate for all learning styles, personalities, and developmental levels. Watch your child flourish, gain-confidence and self-esteem. Every child is guaranteed to perform!

BCT begins with auditions for all actors on December 14th, 15th, and 16th from 6-8pm at the middle school.* Read-throughs will be on December 21st and 22nd. After auditions are completed, the commitment will be one hour per show per week for rehearsals and two hours per show *twice* a week during Tech Week. Your child may perform in one show or two depending on their preference so time commitments and schedules for each child may be different. All rehearsals and read-throughs will fall on either, Monday, Tuesday or Wednesday from 6-8pm at the BMS.

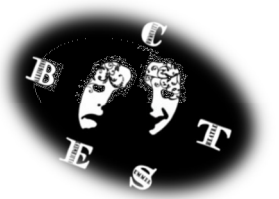

Registration forms can be found online at barrington.ri.gov (on the recreation page) or in the recreation office at the lower level of Town Hall. We encourage you to return registration forms early to take advantage of lower fees.
